We "Get" Moving

Worry-free, residential moves from trustworthy professionals.

It doesn't matter if you are a first-time homebuyer, upsizing, or downsizing – moving is stressful. The last thing you need to worry about is your china or your flat screen television. So don't worry – we've got it covered.

When you choose Peachtree Movers, you get the best moving company Atlanta has to offer. We provide moving planners, detailed estimates, checklists, packing supplies, and best of all, an expert moving crew that will make sure your belongings safely and soundly arrive at their destination.

We will help you plan your move so that it meets your budget and timing needs, and when it's all over, you'll say "that was one smooth move!"

Safe and secure storage for your belongings.

If your move requires a stay in temporary housing, then you probably do not have room for all of your belongings. Or you might be remodeling your home and need to "move out" until the work is done. Peachtree Movers can help in this time of transition.

Our climate-controlled storage facility is a convenient, secure place to store your valuable furnishings and belongings for short- or long-term periods. With bar-code tracking, controlled access, and pick-up and delivery service, you can rest assured that when you are ready to complete your move, your stored items will be in good condition and easily integrated into your moving plan.

"Peachtree Movers did more than just move and store our furniture. They worked with us to plan and successfully execute a complicated series of events. I highly recommend Peachtree Movers."
